Testimonials from our students

(คำนิยมจากนักเรียนของเรา)

During the semester break, I went to Melbourne to take the study tour program for 2 weeks. This program was hosted by ACE World Education Company and Suratpittaya School named MLP Special Camp in Melbourne.

I think I'm a lucky guy, as I got a chance to open my eyes and see life in another perspectives. This was my first time in Melbourne, I was very enthusiastic to make the most of the day exploring things the way it should. ACE World Education Company provided the best place to study English like Baxter Institute, good accommodations, various activities and very impressive tour program.

Special thanks to Mr. Somnuek Chasuwana, the manager of ACE World Education Company (Suratthani Branch) who looked for ways to improve Thai student language skill and enhance potential of students.

Keep up the great work; you are a true professional.
