

9 days that I stayed at Shelton College International had many things happened. I met new friends. I met good teachers. I met one new girl named "Zong ting" she was my buddy at this school. She was so cute and so kind to me. When I be with her I felt like I be with my sister. I will miss her. I met another 4 Thai students that were Rom, Miki, P'Ma and King. They all were very friendly and so cute. Rom and Miki very kind they helped me everything, they took me to many interested places. Next was P'Ma, she loved art, she very good at drawing, she was older than me and she so kind + lovely to me too. Finally was King. I never talked with him before until the last day at this school. He was cute and friendly too. I thought I will really miss all of them so much. I really happy that one times at Shelton I met good friends like them.
