At Shelton for 9 days, I learned many things from school, friends, teachers and Singapore. In Singapore, I like a place called Bugis. Bugis is a place that special cause of Thai food in Bugis market. I ate Thai food in Bugis market. I feel like I come back to home in Thailand.

Friends in Shelton many of them are Chinese but have few of Thai people like Aom, Mo and Miki. They very friendly. In my buddy his name is Ian, he very nice and quiet but if I or him started to talk I think that very fun. Teacher in this school, they very kind like Mr. Paul he is a teacher that wanted student to have good English.

Shelton is a wonderful place. Shelton is very small place but I think it like a small place but it fill by a very big family inside and I think I will come back to Shelton again.
